◆ **Important – Wix Hosting & Premium Services**

All Wix-related services such as hosting, domain registration, professional email, and Core plan are billed directly to the client. Total ≈ 416 USD/year

OrbiaWeb can manage the full setup and configuration on your behalf for the first year to ensure everything is properly structured and optimized.

However, these services will be added to the base project price as an additional fee.

This approach guarantees that the client retains full ownership, control, and long-term access to their website and digital assets.

- ◆ Special pricing available for agency white-label partnerships.
