- All websites created by OrbiaWeb are built on the Wix.com platform.
- The project price includes 1 year of professional hosting on Wix as well as the configuration of personalized email associated with the client's domain name.

After the 1 year included, the client can choose:

Option A –

Transfer of management to the customer

The site is transferred to a new Wix account belonging to the customer.

OrbiaWeb provides the username and password for the account used for the initial creation.

The customer then becomes fully responsible for management, payment, domain name, and associated services.

Option B –

Ongoing management by OrbiaWeb

The client entrusts the ongoing management of the website to OrbiaWeb. An annual renewal fee will apply to cover:

- Wix hosting,
- domain name,
- email accounts,
- basic technical support.

△ Wix websites cannot be transferred to another host. If the customer wishes to use another platform (WordPress, Shopify, etc.), a new website will need to be designed separately.

11. Changes after delivery

- Any changes requested after final delivery will be subject to a new quote.

12. Transactions and payments on the website

- If the website includes sales, booking, or payment features, all transactions will be processed by secure third-party platforms such as Wix Payments, Stripe, PayPal, Square, etc.

- OrbiaWeb does not have access to the customer's bank details and does not collect or store them.
- Any technical configuration can be carried out via temporary secure access provided by the customer, without the transmission of sensitive information.

By accepting a contract or confirming a project, the customer acknowledges that they have read, understood, and accepted these OrbiaWeb Terms and Conditions of Service.
